HMO and PPO in-network office visits are \$10 co-pay; PPO out-of-network office visits are covered at 70% after the deductible is met.

Mental Health and Substance Abuse Services- Services are covered to treat disorders that impair the behavior, emotional reaction or thought processes. Substance abuse is defined as the psychological or physical dependence on alcohol or other mind-altering drugs that requires diagnosis, care, and treatment. Treatment will be provided on an outpatient basis in an individual, group or structured group therapy program. In-patient treatment is covered by a participating hospital for the treatment and evaluation of mental health.
